Sphere

Copy the spherical shapes to the best of your ability, make sure to add the contour lines to give the drawings more dimension

Planes of the Nose

Now that we have gotten comfortable drawing spherical forms, lets add some structure to the nose. Pay attention to how the line dips at the tip of the nose.

Nostrils

Let's add the nostrils to the noses, I usually go for minimal details on the nose so these examples are simplified, feel free to add more details if you'd like!

Shading, Details & Bridge

For the final step lets add some detail lines, shading and extend the bridge of the nose.
